

Sunnybrow News

Date: 10.05.24

Issue Number: 27

Woohoo, it is Friday and the sun is shining! Long may it continue. I hope you all have a lovely weekend.

Our Sunnybrow round-up:

Class Two children have started their new DT topic and were learning to identify fruits and vegetables this week. Their new topic is a cooking topic-I can't wait to see what they make!

Some of the children in Class One had a trip to the Dairy Barn yesterday. As part of our Personal Development offer, every child during their time in either Nursery or Reception will get the chance to experience going into a café to order something. Yesterday, ice-creams were the popular choice and there was even time to have a play in the park too.

We are doing a big push in school on our place knowledge in Geography and Class Three have been recapping their understanding of continents and Oceans. They used atlases to help locate and label them on their own maps. Then, named and located different countries in the northern and southern hemispheres.

Class 4 have enjoyed some practical Science lesson this week. They were thinking of different ways to test the properties of different materials, then came up with simple tests for flexibility, hardness, transparency, permeability and magnetism.

Online Safety:

This week, we are sharing a link to give more information to parents on livestreaming. Livestreaming is becoming a very popular way for people to broadcast themselves on apps and sites such as Snapchat, TikTok, Twitch and Instagram. This link will give you lots of information to help keep you up to speed!
