Finally, January has come to an end! After the longest of months, can you believe that in 2 weeks we are half-way through the school year already?! February has started with Children's Mental Health week and we chose to focus on one of our 5 ways to shine-Getting a good night's sleep! In assembly, we learnt that primary-aged children should be getting between 10-12 hours sleep a night-this was a real

shock for some of the children! Today, we have spent the day learning some top tips to help us get good quality sleep, such as putting away technology at least an hour before bed, doing a calming activity, eating a sleepy snack such as a banana, cereal or something dairy and making sure the bedroom isn't too hot.

On Tuesday we were visited by our local PCSOs for an assembly on anti-social behaviour. This is one of the top reported crimes for the Crook and Willington area, so we are always keen to spread the message on the importance of looking after our lovely little village!

Class 3 have been looking at how clouds are formed as part of their Geography topic on water. They did a mini investigation where they tried to create their cloud. They then made cloud coverage checkers, and went outside to measure how much of the sky was covered in cloud today.
