Issue Number: 18

Hello February! After the 918 days of January, it is lovely to welcome February with the hope of Spring on its way! Class 2 have recently visited our Forest school area and while there were no signs of Spring just yet, they did manage to spot some minibeasts despite the incredibly wet weather! We are so lucky to have this lovely area in our school grounds.

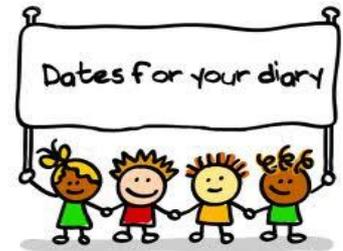

Class 3 have been learning about bones in Science and their purpose. They had a go at naming and identifying the different bones in the body and then they took part in an investigation to see if the people with the longest legs could jump the furthest.

As we continue our journey as Voice 21 school, Miss Murphy (our Oracy Champion) has been testing out more different activities and approaches in Class 4 this week. In their History lesson, they explored Viking trade routes. They used a concept cartoon to recap their learning about the Vikings, questioning whether they were all ruthless or whether some were settlers and traders. This led them to their next activity: they sat back to back with a partner and described Viking trade routes on a map. Partner A had to describe the routes, while partner B drew them and asked clarifying questions. Miss Murphy was very impressed with all of the vocabulary she could hear around the room! Well done Class 4!

Weekly Top Tips:

Monday 9th February-Children's Mental Health Week

Friday 13th February-Palentine's day

Wednesday 18th February-Class 2 Parent Event

Friday 20th February-Break-up for half-term

School attendance for the Week:

Class 1: 100%

Class 2: 94.4%

Class 3: 92.4%

Class 4: 90.1%

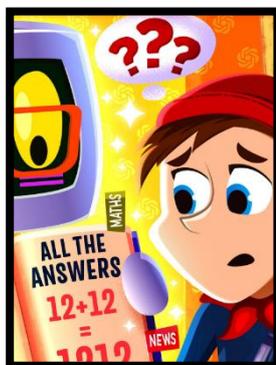

Safeguarding:

Worried about a child out of school hours?

- o If a child is in **immediate danger** or **at risk of immediate harm**, you should contact the **Police on 999**.
- o If you are **concerned** about a child you should share your concern with the **First Contact Team on 03000 267 979**.
- o You can also contact the **NSPCC** for advice on **0808 800 5000** or email help@NSPCC.org.uk

Artificial intelligence is becoming a familiar part of young people’s online experiences, with a myriad of school tools and entertainment platforms in use. This week’s top tips guide from National Online Safety breaks down what AI really is, helping adults explain it clearly and realistically so children don’t overestimate its abilities or trust it unquestioningly. It explores how AI systems work, where they appear online, and why understanding them matters.

The guide also highlights key online safety considerations, including misinformation, data privacy, bias and over-reliance on AI tools. With practical advice on setting boundaries, choosing age-appropriate platforms and encouraging ethical, creative use, it empowers parents and educators to build digital literacy while keeping children safe, curious and critically engaged.

- If you have **non-urgent** information about the safety or welfare of a child to share with the safeguarding team at Sunnybrow Primary School please contact **Mrs Sim** on 01388 746 413 or sunnybrow@durhamlearning.net
